TRACCIA N. 2: "Speech by the Ambassador of Italy"

Excellencies, Distinguished Authorities, Esteemed Business Leaders, Ladies and Gentlemen,

It is a distinct honor to welcome you all to this important forum dedicated to strengthening economic and business ties between Italy and Malaysia. On behalf of the Government of Italy, I wish to express our gratitude to the Malaysian authorities and to all our partners who have contributed to making this event possible.

The economic relations between our two Countries have grown steadily over the years, supported by mutual trust and the shared commitment to innovation, sustainability, and inclusive growth. Italian companies are proud to bring their know-how, advanced technologies, and distinctive creativity to Malaysia, contributing to key sectors such as energy, infrastructure, manufacturing, digitalization, and the green economy. At the same time, we recognize the extraordinary opportunities that Malaysia offers as one of the most dynamic economies in ASEAN.

Business cooperation is not only about trade figures, but also about partnerships and the creation of value for our societies. This forum provides a platform to explore new opportunities for joint ventures, technology transfer, and investment. Italy believes firmly in the potential of Malaysia as a hub for regional expansion, and we encourage Italian enterprises to look at this country as a gateway to ASEAN and beyond.

I would also like to highlight the role of innovation and sustainability, which represent the true engines of growth in today's interconnected world. Italian companies are increasingly investing in renewable energy, circular economy, digital solutions, and advanced manufacturing—fields where synergies with Malaysia can be particularly fruitful. Together, we can design solutions that respond to the challenges of tomorrow, while ensuring prosperity for future generations.
